# OPEN FIREPLACES

## Don-Bar, a style, a signature, since 1966

Our 7000 Series has a big advantage: It requires no modification to the structure of your house, no custom surrounding, nor, for most installations, a special wall protection. Furthermore, its heating power is surprising.

The secret lies in the natural convection that creates a strong warm air current around the fireplaces. This renders any fan system unnecessary.

In short, with its stylish lines our fireplace represents an investment of quality that will defy time and modes!

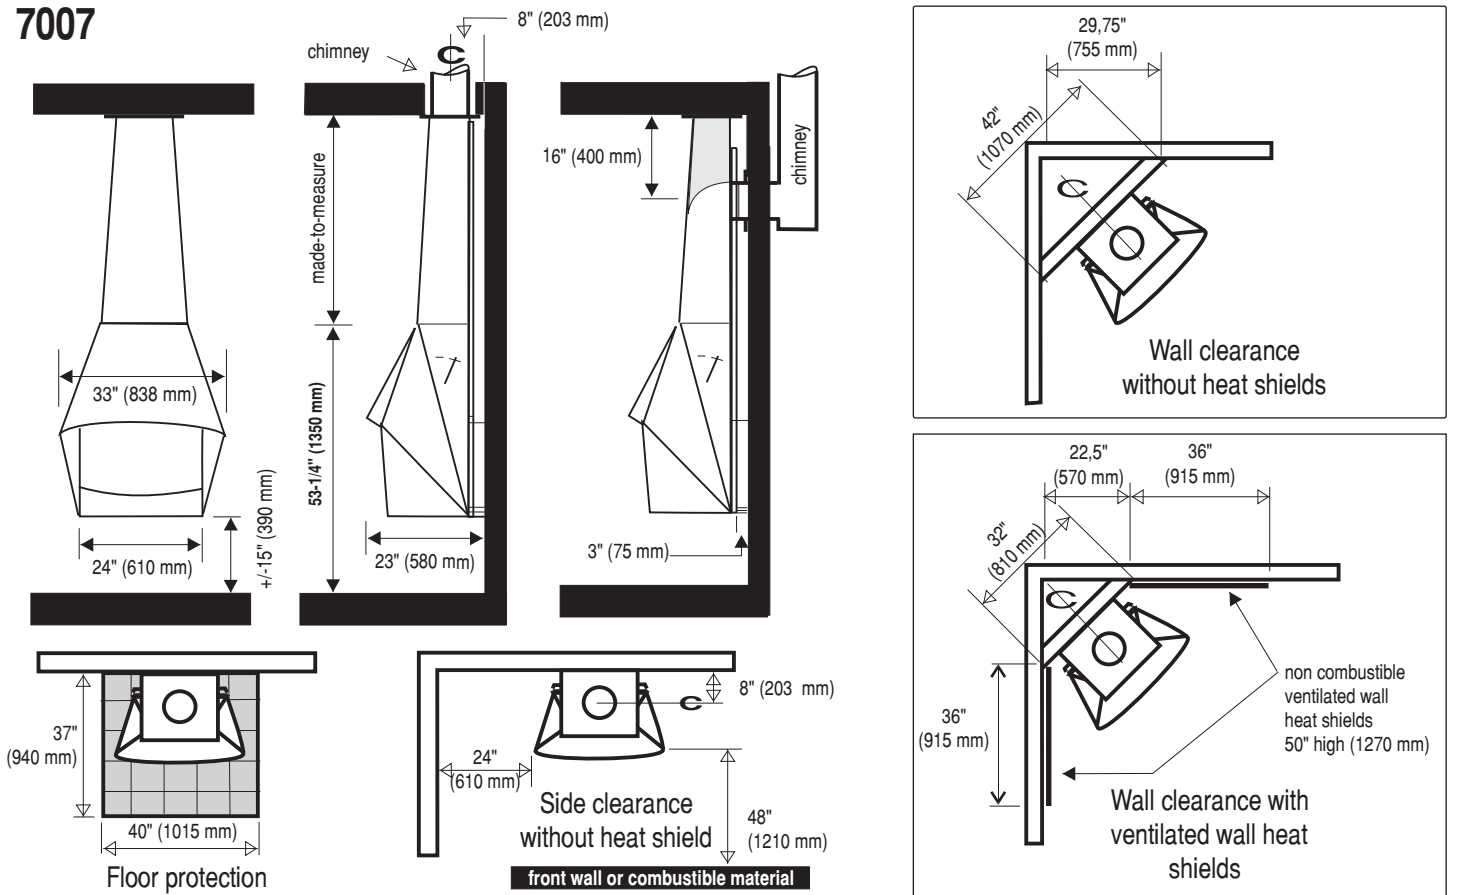

### FEATURES

- 8" I.D. outlet for factory-built or masonry chimneys.
- Ash tray (7100 only)
- Firescreen
- Airtight damper
- ULC approved - Certified EPA Exempt
- Installation at only 3" (75 mm) from a rear combustible wall without special wall protection.
- Heating power: 7007, 7100 and 7120 : 800 to 1200 sq. ft.  
5005 and 7005: 500 to 800 sq. ft.

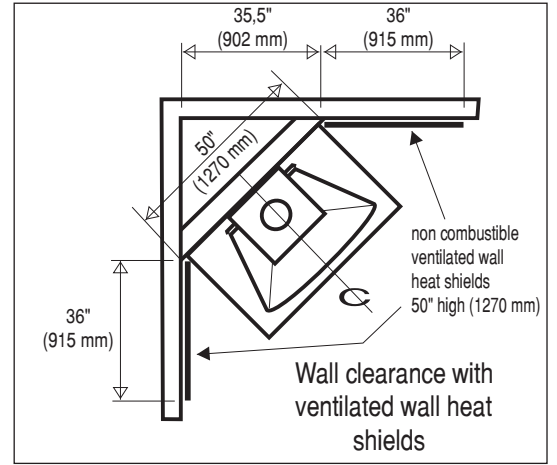

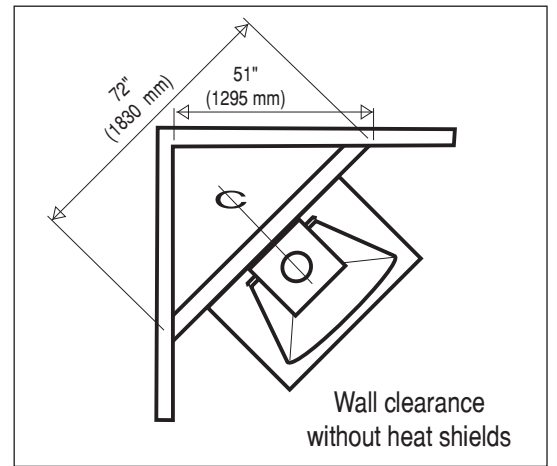

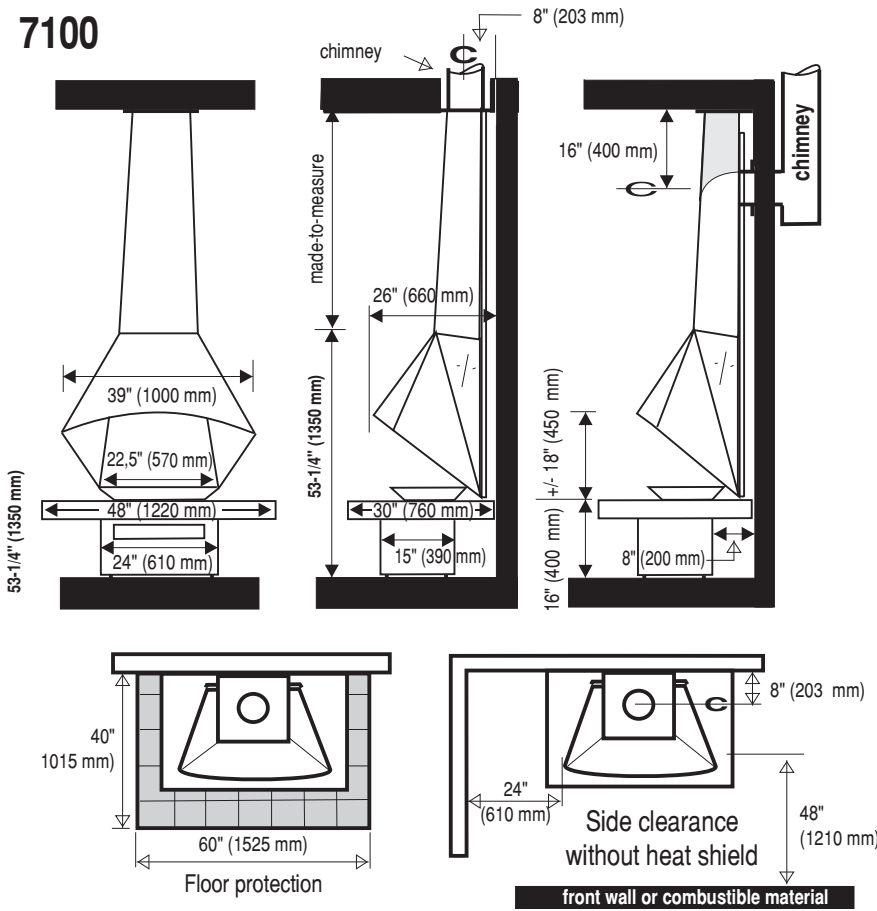

### OPTIONS

- The standard height of the fireplace is 8'-0" (2438 mm). However, we can fabricate a custom fireplace that will fit any ceiling height or angle.
